GSM® OUTDOORS

THINK OUTSIDE

GSM Outdoors specializes in bringing innovative products to market in a variety of different brand categories including Walker's hearing amplification & protection, Cyclops LED lighting & portable power, EPIC action cams, Western Rivers and Maestro game calls, plus industry heralded scouting cameras from Stealth Cam and Wildview.

> “Outdoors is what we do, it’s who we are. We breathe it into our lungs everyday and aggressively step forward to make a difference in the marketplace and respectfully leave one in the soil. It’s plain good sportsman marketing.”
>
> **TIM SCHNELL** GSM FOUNDER

Our strong focus toward product development, rigorous quality control and top level after sales support has earned the company a reputation for delivering quality outdoor gear backed by the best customer service in the industry. For over 12 years GSM Outdoors has been cultivating category leading brands and imprinting each with a stout commitment. Independently, each brand has a compelling story to tell. Combined, they create a powerful force within the outdoor industry - GSM Outdoors.

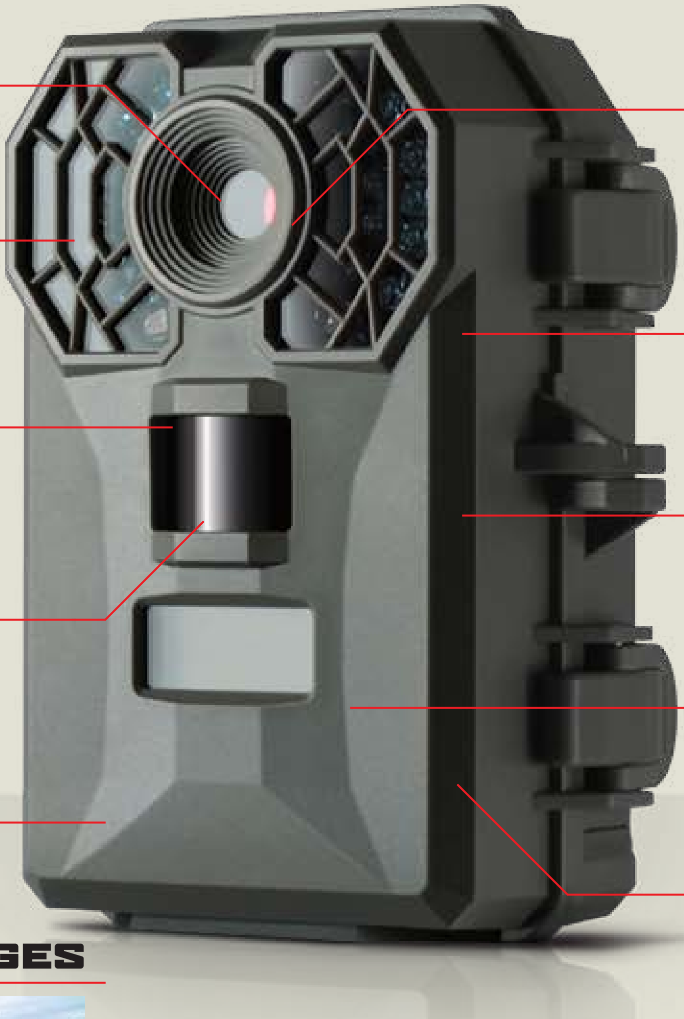
THE NEXT GENERATION OF STEALTH CAM® HAS ARRIVED.

G SERIES – TECHNOLOGY ADVANCED.



RETINA™
ADVANCED LOW-LIGHT SENSITIVITY

- Superior low light performance for extended night time range

MATRIX™
BLUR REDUCTION TECHNOLOGY

- Advanced blur reduction dramatically reduces blur effects resulting in sharper, clearer images

REFLEX™
SUB 1-SECOND TRIGGER

- Ultra-fast trigger speed
- Never miss a cruial moment

MULTI-ZONE
DETECTION

- Covers multiple zones of angle and distance, maximizing the cameras triggering accuracy

GEO-TAG
GPS META-TAGGING

- Track and recall all your favorite locations with optional GPS tagging**

TRIAD®
3-IN-1 TECHNOLOGY
VIDEO/AUDIO ▪ STILL ▪ TIME LAPSE

- Hi-Res Still Images
- HD Video recording 5-180 seconds with Audio
- Time Lapse with PIR override

HD
HI DEFINITION VIDEO

QUICK SET
FAST, SIMPLE SETUP

- Sets up in seconds with pre-programmed options

SECURE LOCK
DIGITAL PROTECTION

- Secure Lock offer password protection rendering the camera access nearly impossible.

BURST
RAPID-FIRE MODE

- Rapid-fire Burst Mode (1-9 exposures per triggering)

ENERGY
EFFICIENT DESIGN

- Completely re-engineered to optimize energy efficiency
- Prolongs battery life allowing it to extend up to one year on a set of batteries*

SCAN

*Actual field life will vary based on user settings and environmental conditions.
**Optional GPS coordinates do not appear on time date stamp.

G SERIES CAMERAS

ENTIRELY NEW DESIGN AND CLEARLY A MORE SOPHISTICATED APPROACH TO TRAIL CAMERA TECHNOLOGY, THE G SERIES IS TODAYS MARVEL AND TOMORROWS MUST-HAVE GEAR.

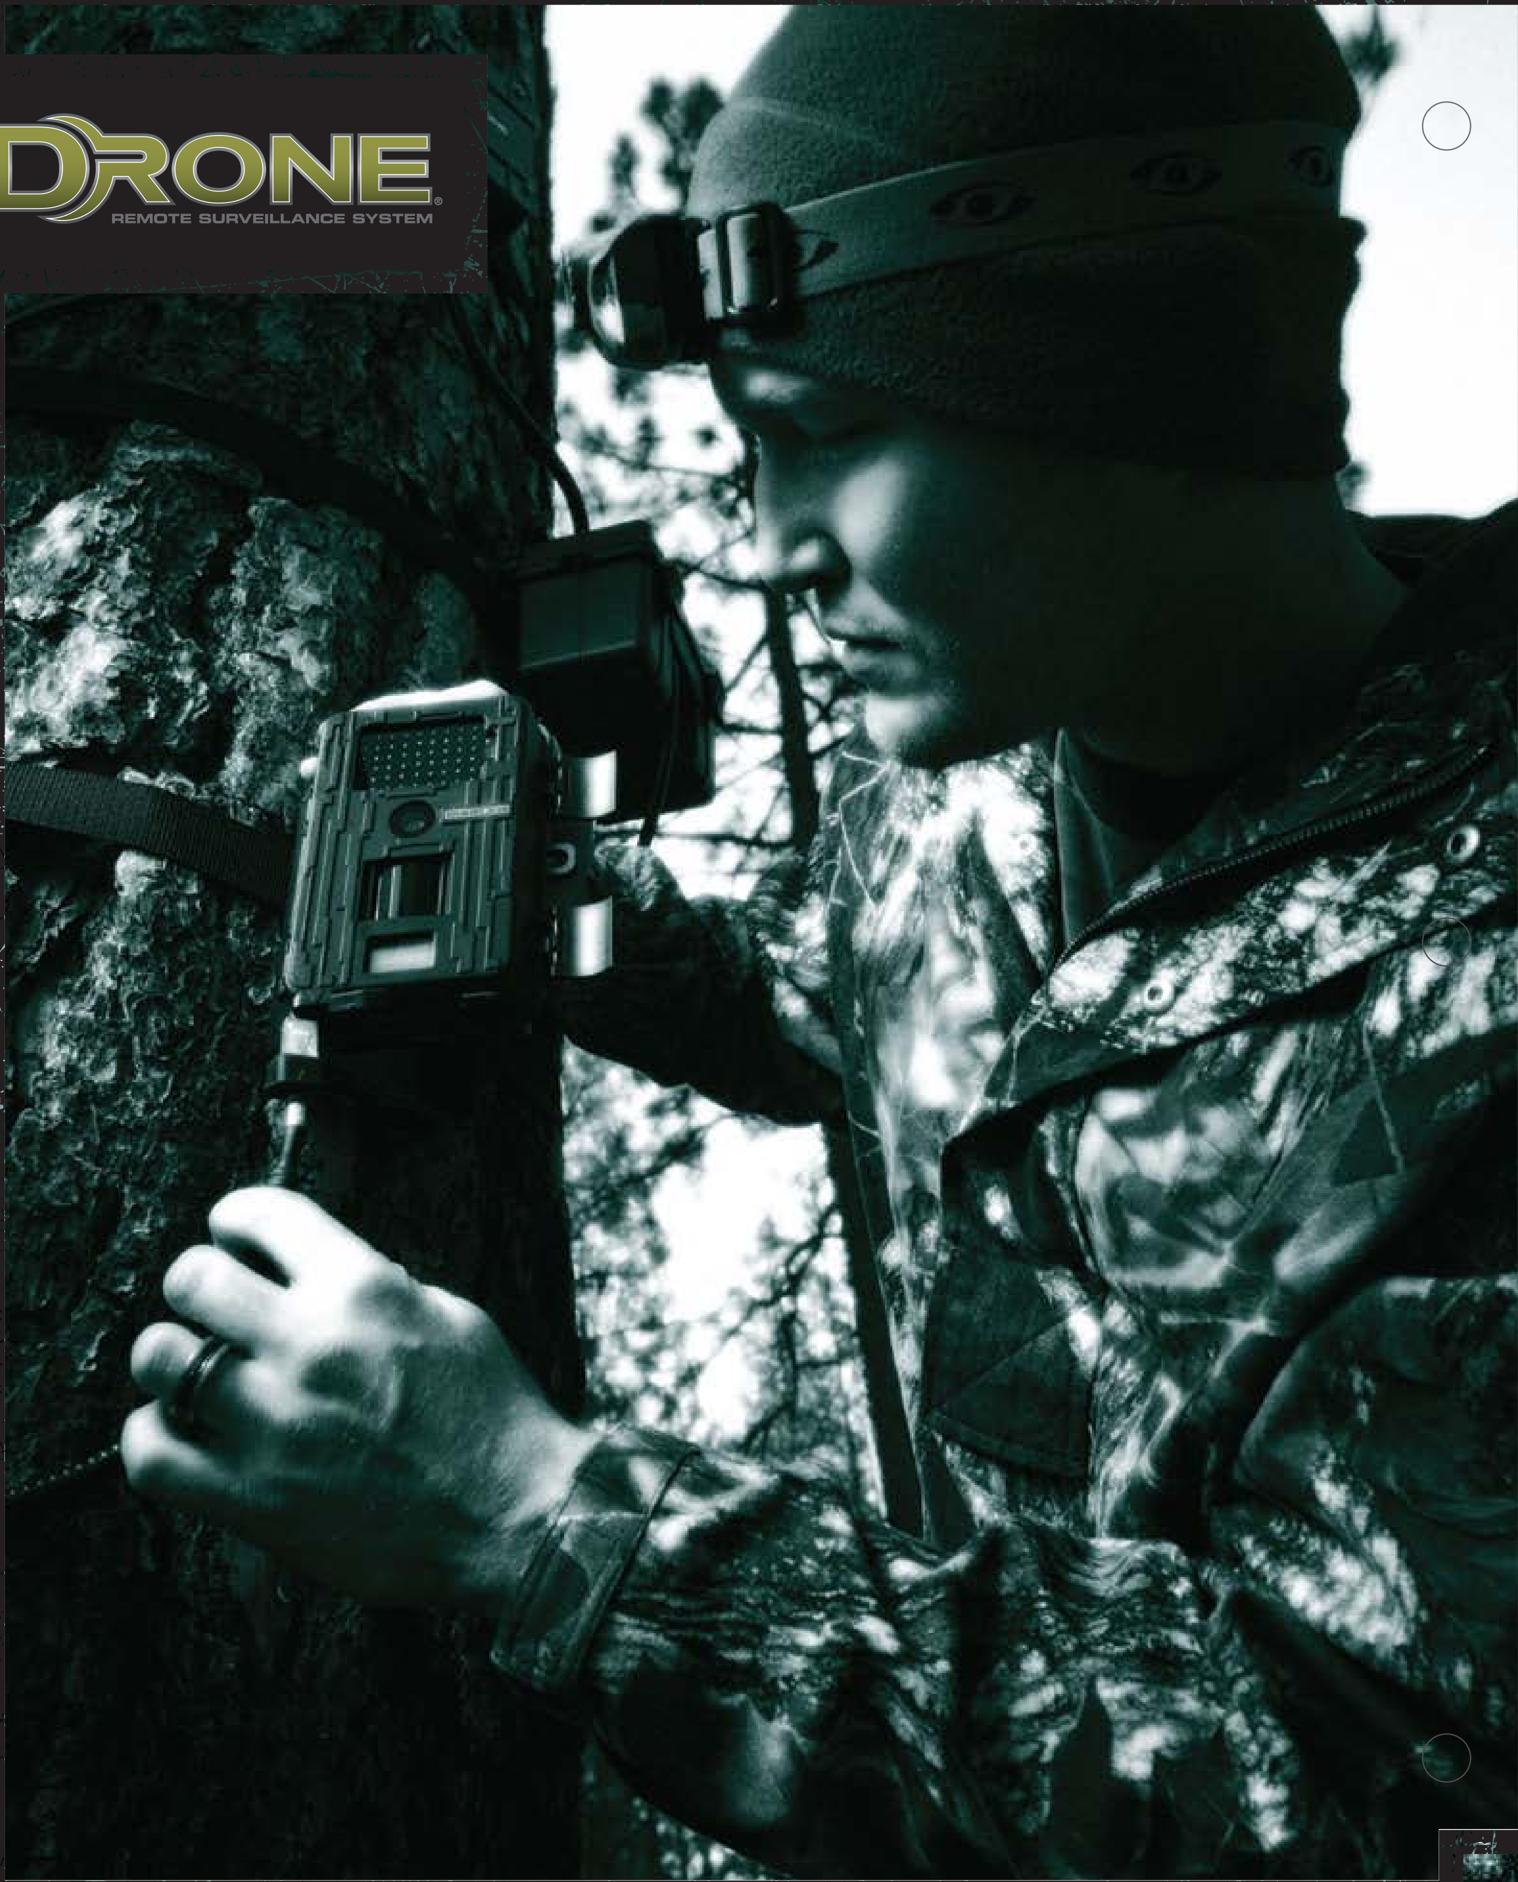
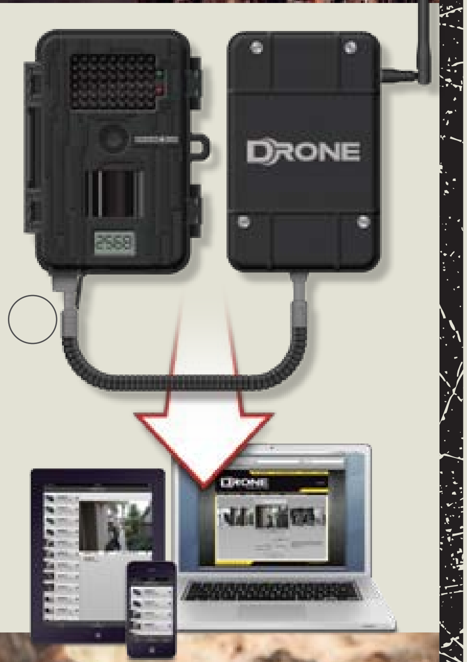
DRONE®
REMOTE SURVEILLANCE SYSTEM





REMOTE SURVEILLANCE STARTS HERE

WITH CUTTING EDGE CELLULAR WIRELESS DATA TRANSMISSION AND GLOBAL POSITIONING TECHNOLOGY.

After years of research and development, the DRONE has arrived. This sophisticated cellular based wireless system allows for complete control and image monitoring from any computer, anywhere in the world where an internet connection is available.

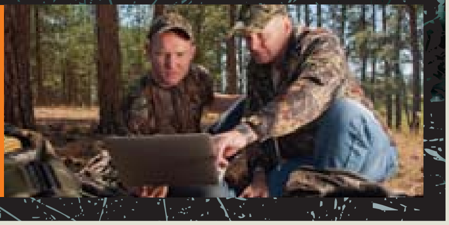
The DRONE System consists of 3 integral components that all work in concert to deliver unparalelled capabilities in remote image retreval. The DRONE Camera, the DRONE GPS enabled wireless remote and the DRONE Command Hub website.

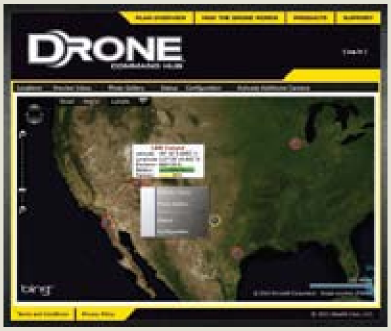
THE DRONE COMMAND HUB WEBSITE is where you take control – from the comfort of your home and office or even on the go through mobile devices. Secure login to your DRONE system camera gives you unprecedented access and a full set of controls over your image downloads.

THE DRONE CAMERA AND REMOTE PROVIDE:

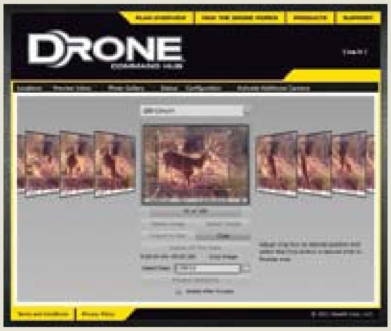
- GPS mapping of camera locations
- Control of multiple cameras with one login
- SMS & Email notification of image upload
- Battery and memory level monitoring
- High resolution download
- Data plan management & status monitoring
- Pre-download image cropping
- Camera configuration
- Remote image deletion
- Thumbnail preview
- Image galleries
- Email & Social media sharing

FAR MORE THAN A WIRELESS CAMERA...
IT'S A COMMAND HUB.





- GPS/Satellite map camera locations
- Elevation and longitude/latitude coordinates



- Image thumbnail preview with image cropping
- High resolution image download

DRONE
COMMAND HUB

- Remotely configure your DRONE
- Set up notifications

DRONE
COMMAND HUB

- Monitor battery and Memory levels
- Manage data plan and usage status

The DRONE's command hub web interface technology goes well beyond the hardware. The integrated remote web interface is where YOU take full system control wherever you are - 24/7.

GPS MAPPING

Utilizing the latest in Global Positioning Technology, your DRONE camera is plotted on Bing™ maps, visible only to you through your secure log in.

COMPLETE DIAGNOSTIC TOOLS

Monitor your system's battery status, memory capacity, camera connection, GPS and cell signal. Plus the flexibility to monitor and manage your specific data plan.

CAMERA CONFIGURATION – Customize your DRONE's upload schedule to best suit your needs. Remotely reset the GPS and clear the memory card.

ADVANCED IMAGE MANAGEMENT TOOLS

The command hub gives you complete control of your images. Select and crop only the hi-res images you prefer to download with thumbnail preview. This maximizes your data plan* by not transmitting unwanted images. Also, create and manage online photo galleries, including social media integration.

PUSH NOTIFICATION

Want to know when the latest upload occurred? Set email and/or text message notifications and the DRONE will always keep you updated on activity.

MOBILE INTERFACE

The Command Hub is mobile friendly. Whether you're on an iPhone, iPad, Android or any other mobile device with an internet connection, you can access your DRONE on the go.

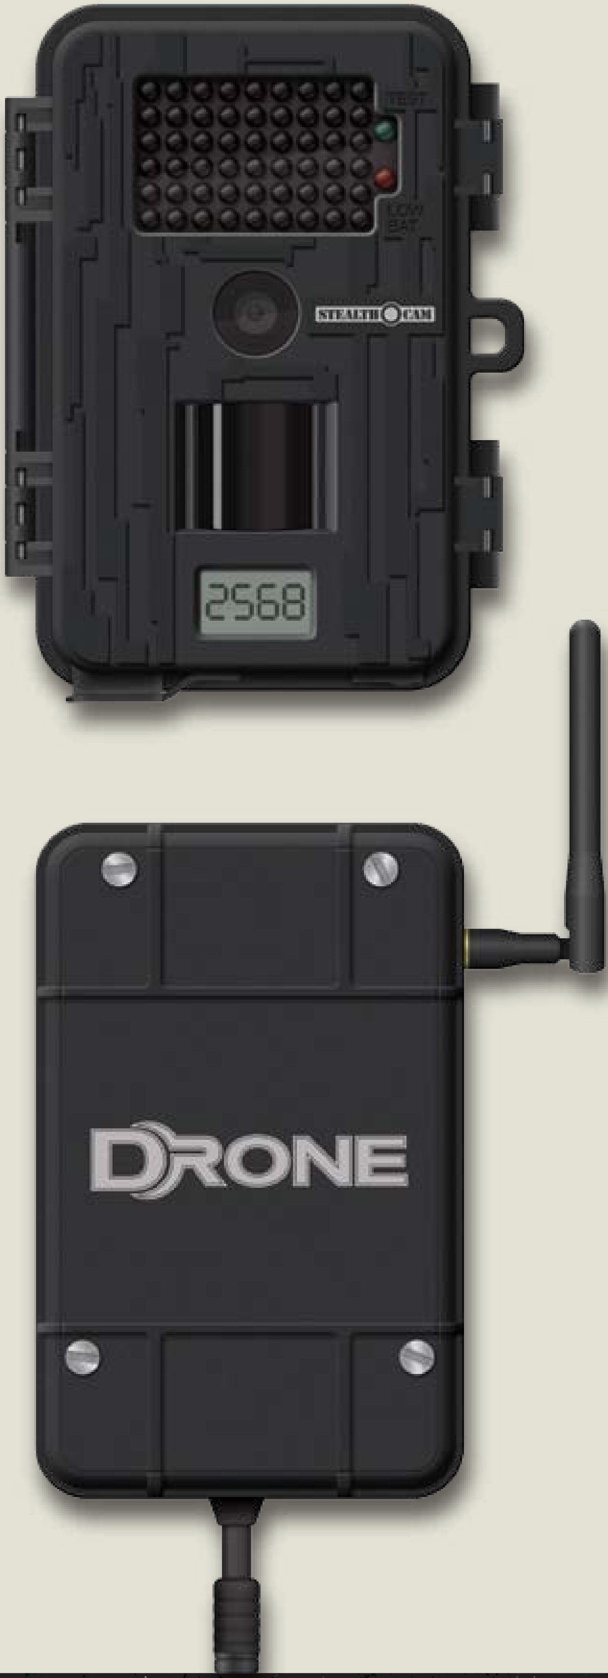
DRONE

REMOTE SURVEILLANCE SYSTEM



THE COMPLETE SYSTEM INCLUDES:

- DRONE Camera
- DRONE Remote
- 2GB SD memory card
- 12V Battery kit
- Field carry bag
- Mounting straps

THE DRONE CAMERA

54 No Glo Infrared Emitters

- 60 foot capture range
- NO GLO night vision IR's emit no visible light source

8.0 Megapixel Camera

- Burst mode shoots 1-9 images per trigger
- Time/date/moon/temp stamp
- Video Capable (no wireless transmission)

PIR

- Motion sensor, detects motion day & night

RJ45 Socket

- Secure, hi-speed data connection to Drone Remote

Additional Camera Features

- 64MB built-in memory
- Camera Test Mode
- Durable IP54 weatherproof housing
- 10-59 second, 10-59 minute recovery time out
- SD memory card slot accepts up to 16GB
- Up to 4X digital zoom
- Operates with supplied 12V battery or with 8 "AA" cell batteries (not included)

THE DRONE REMOTE

High Gain Cell Antenna

- Optimized for data transmission on cellular networks

GPS Enabled

- Utilizing the latest in global positioning technology for accurate location mapping

Diagnostic LED's

- Confirm cellular network, GPS signals and camera connection

Weatherproof Modem

- Engineered to withstand the elements with an IP54 durability rating

DRX Image Processor

- Generates thumbnails of hi-res images to optimize image transmission

High Speed Cat 5 Communication

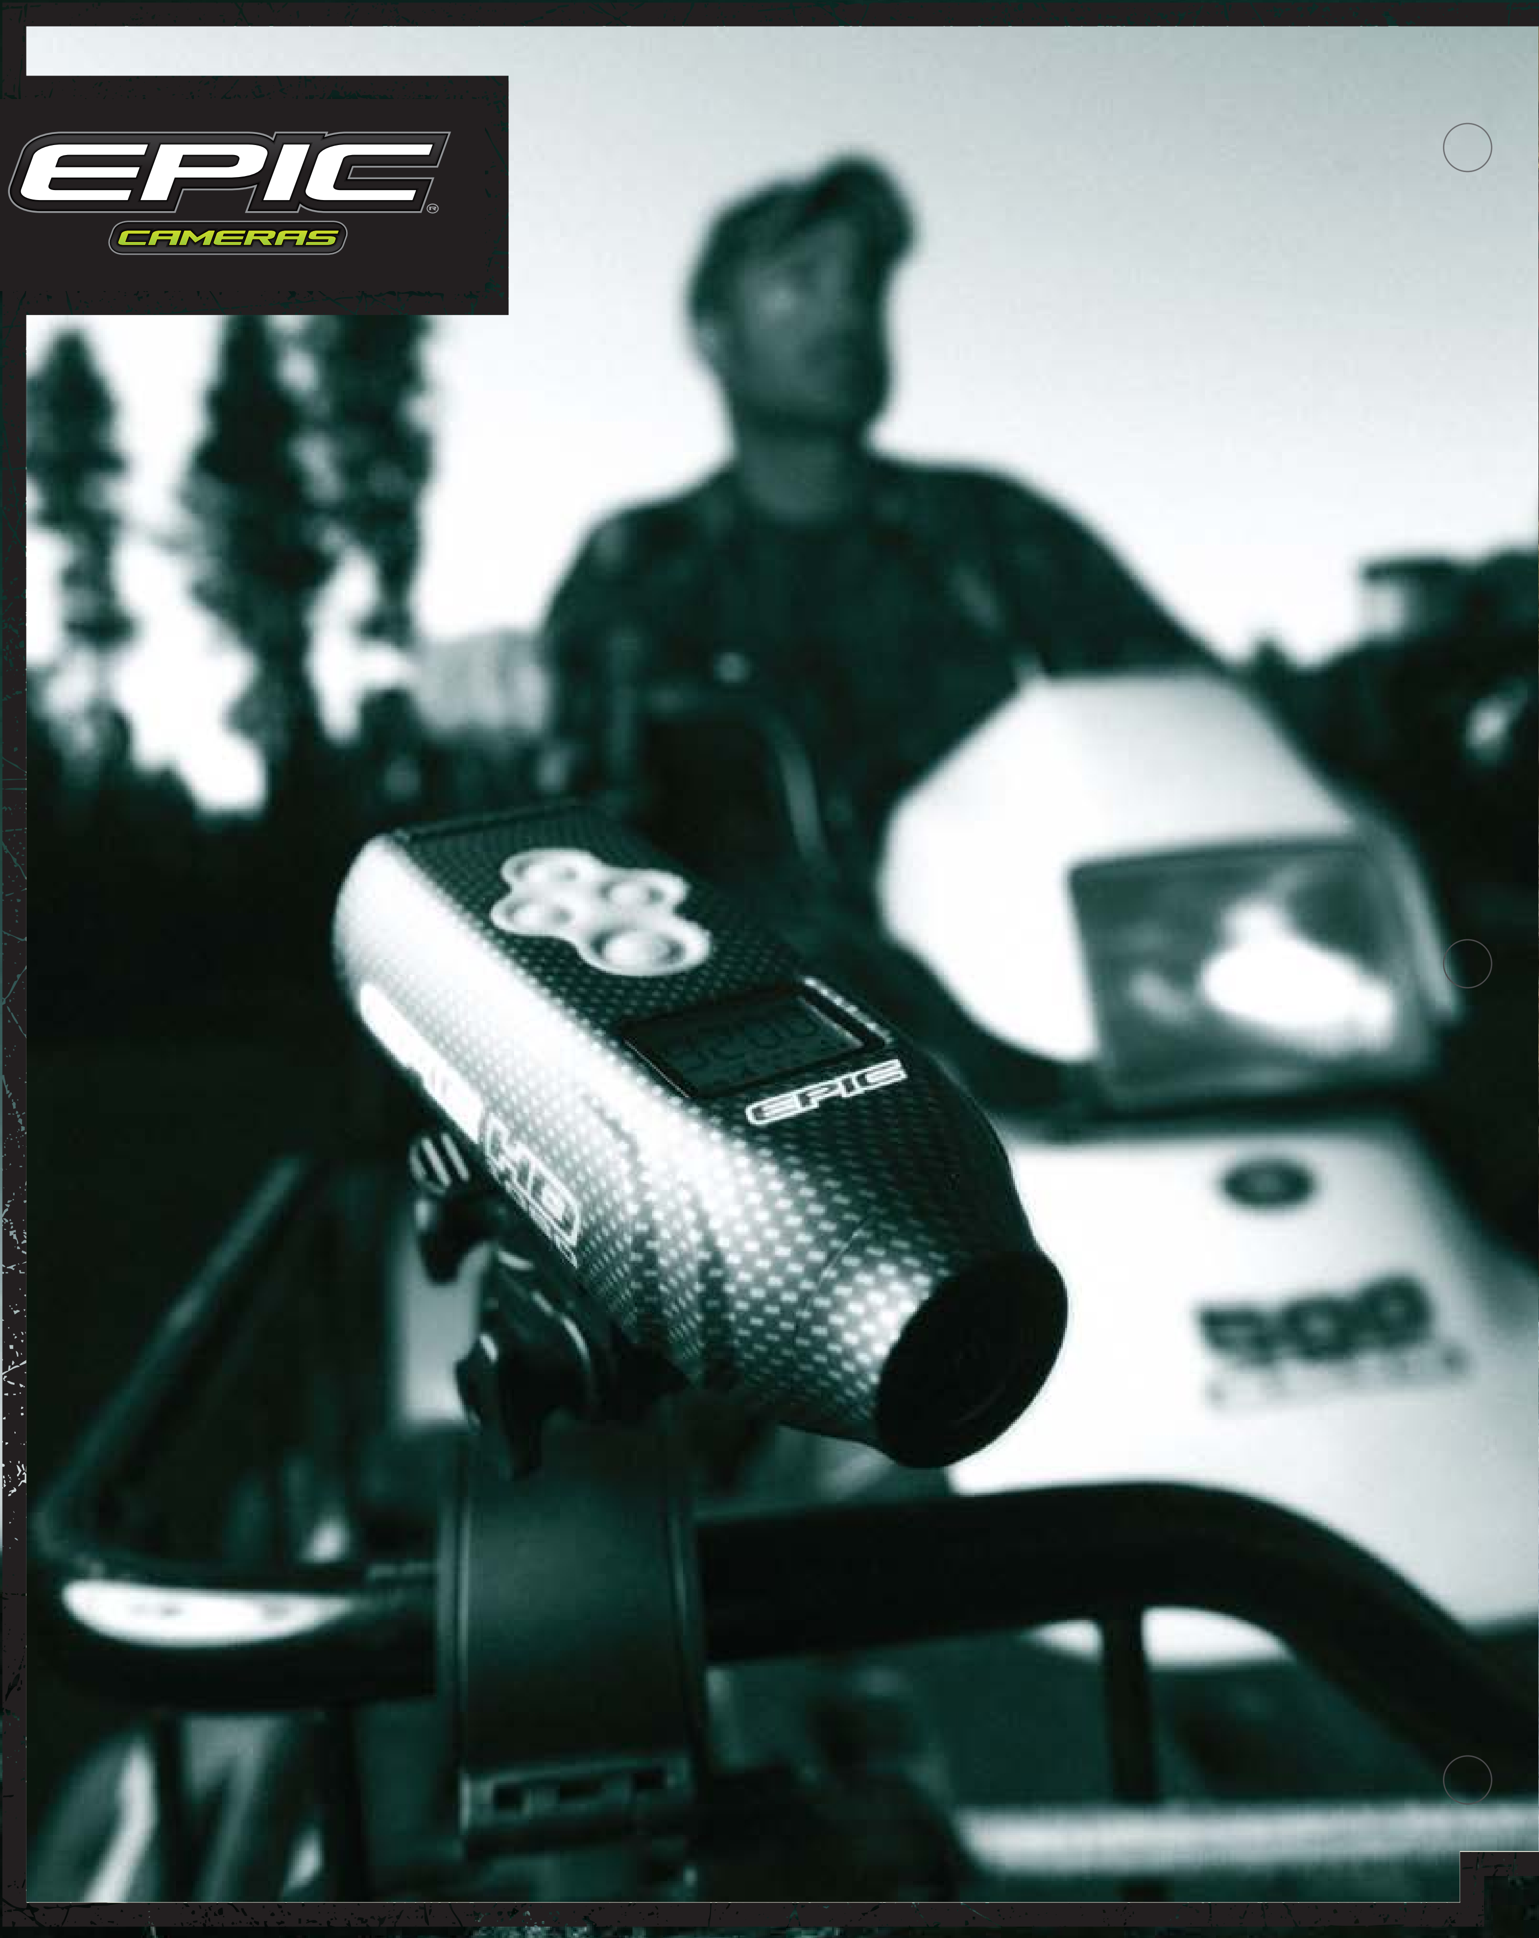
- Designed for quick, efficient image transmission from Drone Camera

Additional Remote Features

- Operates with supplied 12V battery or with 16 "AA" cell batteries (not included)

Item: DRN-DRNSYS1

EPIC CAMERAS

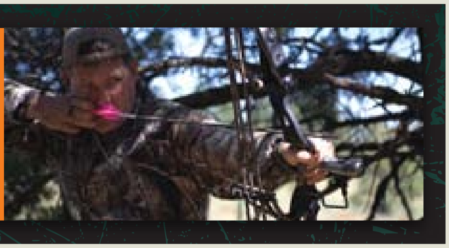


EPIC CAMERAS ARE THE LIGHTEST, EASIEST, SLEEKEST, MOST VERSATILE RECORDING GEAR YOU CAN STRAP, ANCHOR OR MOUNT TO WHATEVER RIDE OR ADVENTURE THAT MAKES YOUR HEART POUND!

RESPECT THE OUTDOORS AND ALWAYS MAKE YOUR EXPERIENCE EPIC.

FRED EICHLER – EASTON BOWHUNTING

“THE EPIC CAMERA IS AN ESSENTAIL PART OF OUR GEAR WHEN PREPARING HUNTS WITH GROUPS – AMAZING FOOTAGE TO WATCH.”



Instant On Remote Control – High Definition POV Camera

- One Button On and Record
- 1080P HD Digital Video with Audio - 1080P @ 30 FPS

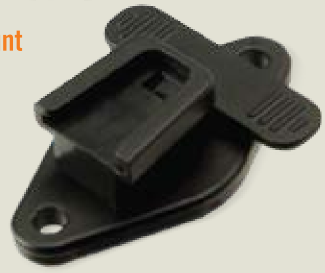
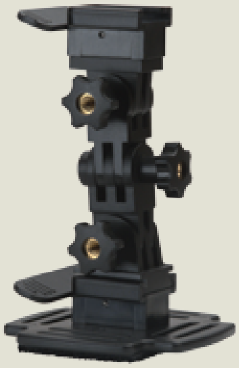
TRS (3-in-1) Mount - Tripod Mount • RAM Mount • Surface Mount



- 1/4” universal tripod adapter
- 3M adhesive for flat surface mount
- Universal RAM™ mount, allows EPIC Cameras to interface directly with diamond shape RAM mounts using the two bolt diamond mounting pattern
- Hundreds of applications

Item No: STC-RAM

Elbow Mount



With three (3) adjustable wheel hinges, you can capture almost any point of view angle without any obstruction. Full extension measures 3.25” from mount.

Item No: STC-EPCELBW

Adhesive Mount - 2 Pack

Base of universal mount has a permanent 3M adhesive foam pad which is ideal for mounting to helmets of any size or material finish.

Item No: STC-EPCCRVMT

Suction Cup Mount

Heavy duty RAM Suction Cup design offers a secure lock mount to contoured or flat surfaces such as dashboard window or fuel tanks. Base is pliable and will not scratch finishes.

Item No: STC-EPCSUC

Tree Screw Mount

Whether high in a tree stand or low in a blind, simply screw into any tree branch or trunk at the desired height to capture your line of view.

Item No: STC-EPCTSM

Bar Mount

Adjustable clamp mounts to handle bars on your mountain bike, ATV or motocross and will accommodate any bar up to 2” in diameter.

Item No: STC-EPCHBM

Clip Mount

Easily clips to the brim of a cap, or any object that can accommodate the diameter of the heavy duty clasp.

Item No: STC-EPCHCM

Strap Mount

Perfect for mounting to vented helmets, wearing on your wrist, or just about anywhere you can tie the nylon webbing around and velcro secure.

Item No: STC-EPCSTP

Shock Resistant Saddle - 2 Pack

These dense foam pads used with a simple strap mount will help absorb vibrations for smoother recording and less shock to the unit.

Item No: STC-EPCFMS2

WALKER'S NANO TECHNOLOGY

OUR NANO-COATING APPLICATION DOES NOT AFFECT WORKING COMPONENTS, MAINTAINING THE LOOK, FUNCTIONALITY AND FEEL OF THE PRIMARY DEVICE.

WATER REPELLENT NANO-COATING

WATER REPELLANT NANO COATING

Moisture from high humidity, perspiration and ear wax are by far the leading cause of service issues. Nano Technology answers this challenge, providing improved reliability and user confidence. Aridion™ Nano technology coats every aspect of the hearing aid at a nanoscopic level and protects much more thoroughly than alternative approaches. The result is a truly durable and invisible liquid repellent coating (inside and out).

SCAN To learn more about Nano Coating

All Elite Muffs Models are Nano Coated Protected

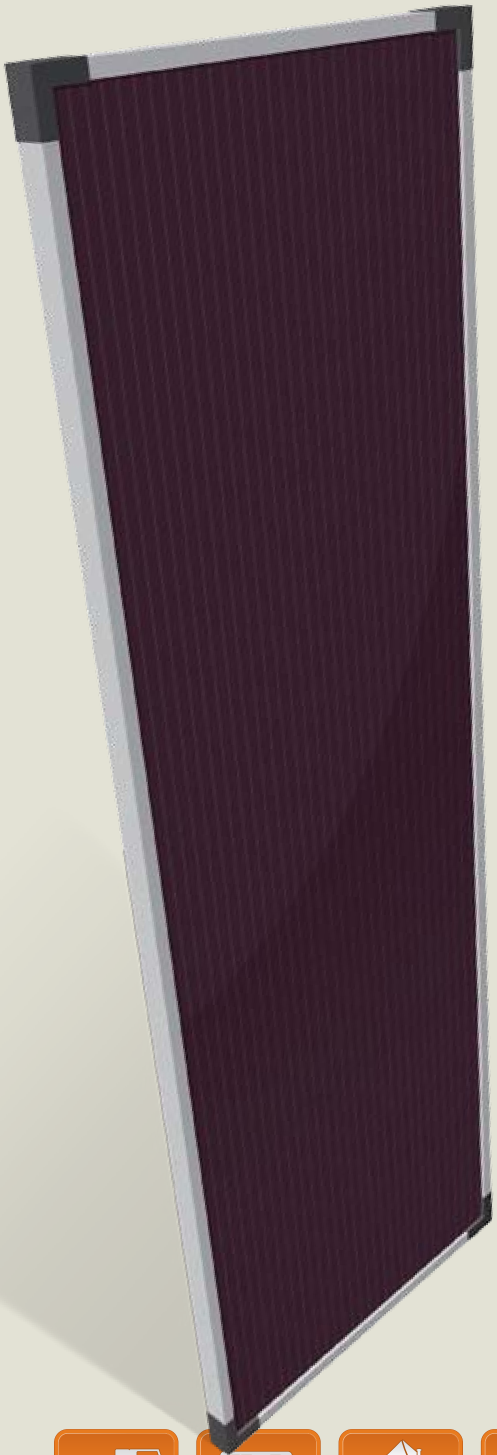
Compact Solar Charger Pack

USB Portable Charging Device

- Charges portable electronics with an integrated amorphous solar panel
- Built-in 2800 mAmp lithium battery
- Solar Panel maintains internal battery
- 3 Way charging; by AC, by USB or from the Sun
- Battery indicator ON/OFF switch
- Includes USB cable, AC adapter, clip mount, velcro strap and suction cup

Item: CYC-PSOL1

AMORPHOUS SOLAR PANELS



- Panel efficiently charges in all weather conditions including cloudy days
- Link multiple like units together for more output
- Designed for permanent or semi-permanent mounting, easy to use, installs in minutes

20 WATT – 12 Volt Solar Battery Trickle Charger

Ideal for charging batteries on power boats, RV motorhomes, cabins and more.

- Maximum charge up to 20 watts / 1 Amp per hour
- Specifications: 12.4" x 37", weighs less than 12 lbs
- Kit includes: Solar panel w/10 ft. cable, battery clamps, tilting rod and mounting hardware
- 10 amp charge controller recommended – **CYC-SOLC10A** (sold separately)

Item: CYC-SOL20W

12 WATT – 12 Volt Solar Battery Trickle Charger

Ideal for trickle charging batteries on large trucks, RV's, SUV's and more.

- Maximum charge up to 12 watts / 600 mAh per hour
- Plugs directly into your vehicle's 12V power socket
- Specifications: 12.4" x 24.8", weighs less than 6 lbs.
- Kit includes: Solar panel w/9 ft. cable, 12V DC adaptor, battery clamps, tilting rod and mounting hardware.

Item: CYC-SOL12W

6 WATT – 12 Volt Solar Battery Maintainer

Ideal for trickle charging batteries on small RV's, trolling motors and more.

- Maximum charge up to 6 watts / 300 mAh per hour
- Plugs directly into your vehicle's 12V power socket
- Specifications: 12.4" x 12.4", weighs less than 4 lbs.
- Kit includes: Solar panel w/9 ft. cable, 12V DC adaptor, battery clamps, tilting rod and mounting hardware.

Item: CYC-SOL6W

2 WATT – 12 Volt Solar Battery Maintainer

Ideal for maintaining batteries on cars, ATV's plus charging small electronics.

- Maximum charge up to 2 watts / 100 mAh per hour
- Plugs directly into your vehicle's 12V power socket
- Specifications: 12.4" x 4.3", weighs less than 2 lbs.
- Kit includes: Solar panel w/7 ft. cable, 12V DC adaptor, battery clamps, extender cable, tilting rod and mounting hardware

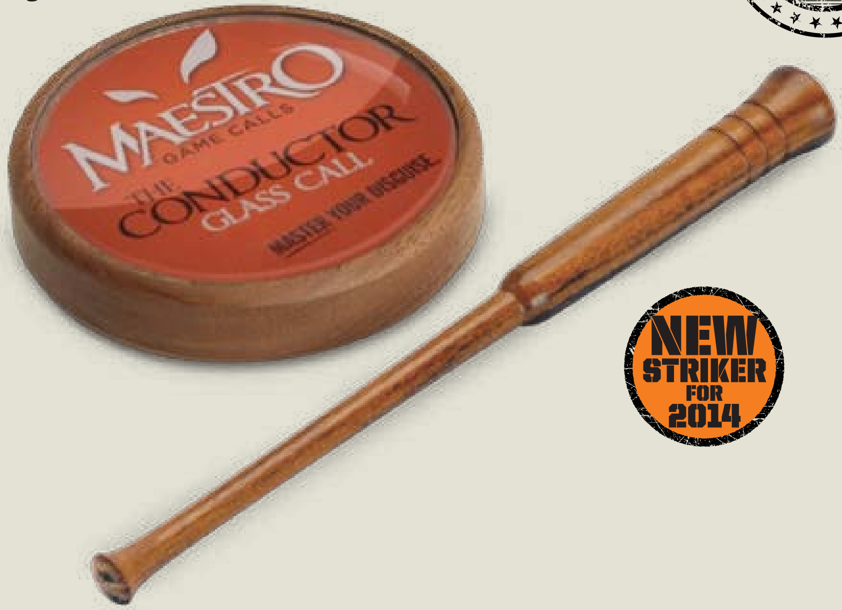
FRICTION CALLS

The Conductor – Glass

This classic walnut cup is handcrafted and when combined with glass has a sound that can't be beat. It produces raspy yelp and sharp cutts that will make even the wariest old gobblers come running.

MADE IN THE USA

Item: PBC-211

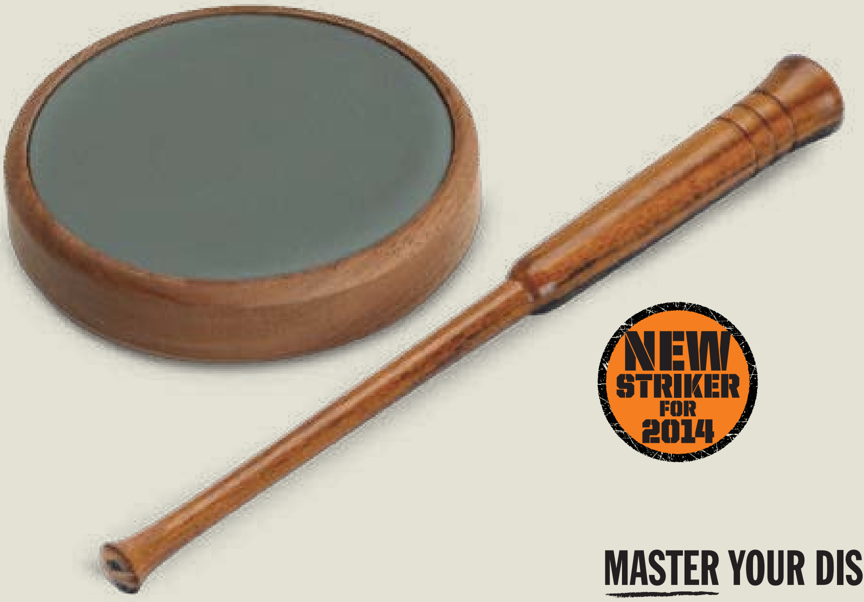


NEW STRIKER FOR 2014

The Composer – Slate

A walnut cup combined with a sweet sounding slate produces an excellent tone that works on tough old long bearded gobblers. It has a more subtle sound than glass to create those soft purrs, yelps and cutts needed to bring a gobbler within range.

Item: PBC-212



NEW STRIKER FOR 2014

PAUL BUTSKI – TURKEY THUGS

"ANY VETERAN TURKEY HUNTER KNOWS IT IS A MUST TO CARRY A BOX CALL IN YOUR VEST. IT CAN EASILY MAKE THE DIFFERENCE ON YOUR SUCCESS ON ANY GIVEN DAY.

BOX CALLS

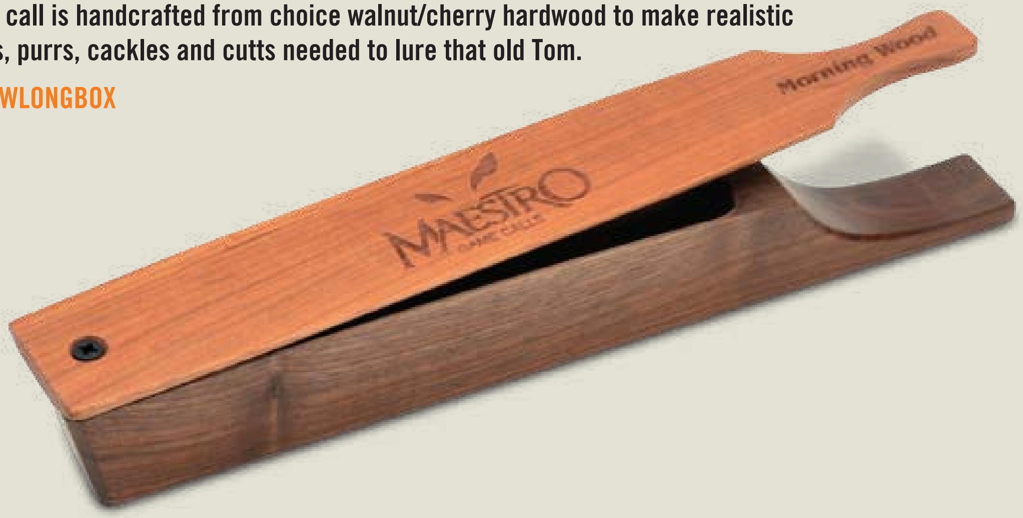
- Handcrafted from choice hardwoods
- Made in the U.S.A.
- Designed and used in the field by turkey-calling master, Paul Butski
- Results driven for both novice and veteran hunters

MADE IN THE USA

Morning Wood – Long Box Call

The long box call is handcrafted from choice walnut/cherry hardwood to make realistic yelps, clucks, purrs, cackles and cutts needed to lure that old Tom.

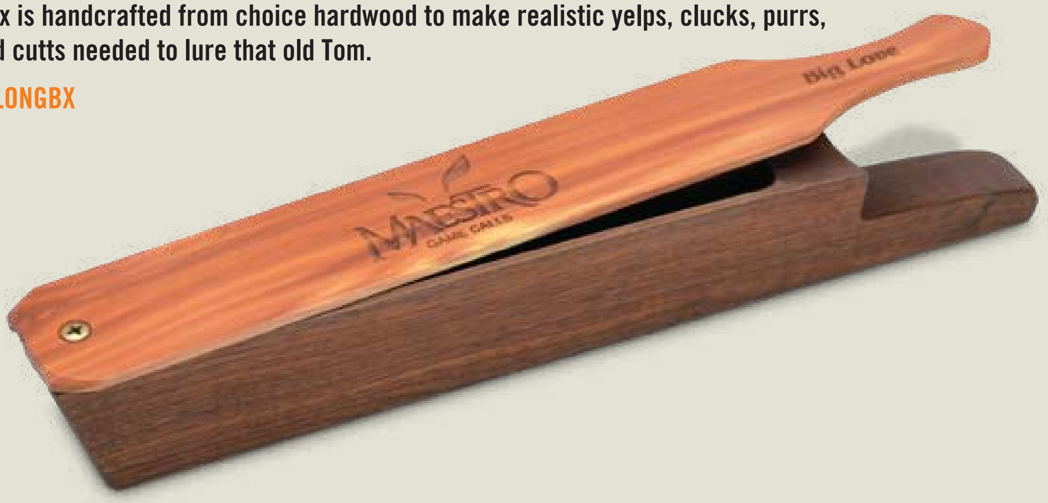
Item: PBC-MWLONGBOX



Big Love – Long Box Call

The long box is handcrafted from choice hardwood to make realistic yelps, clucks, purrs, cackles and cutts needed to lure that old Tom.

Item: PBC-LONGBX

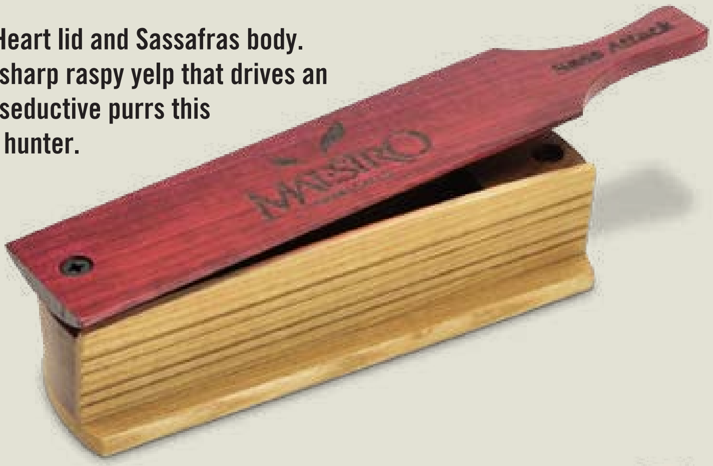


PAUL BUTSKI
SIGNATURE SERIES

Sass Attack – Box Call

The Sass Attack box call is made from Purple Heart lid and Sassafras body. The combination of these 2 woods produces a sharp raspy yelp that drives an Old Gobbler crazy! Along with sharp Cutts and seductive purrs this attractive call is a must for a seasoned turkey hunter.

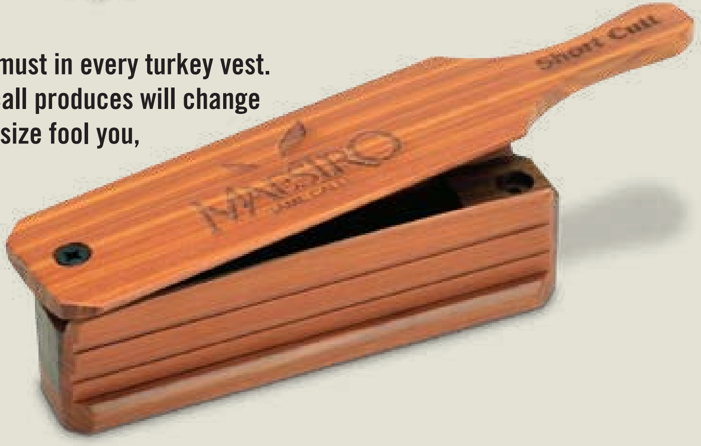
Item: PBC-SASSBOX



Short Cutt – Box Call

This small but powerful red cedar box call is a must in every turkey vest. The soft seductive yelps, cutts, and purrs this call produces will change the mind of any gobbler. Don't let the compact size fool you, it will definitely fool the toughest of birds.

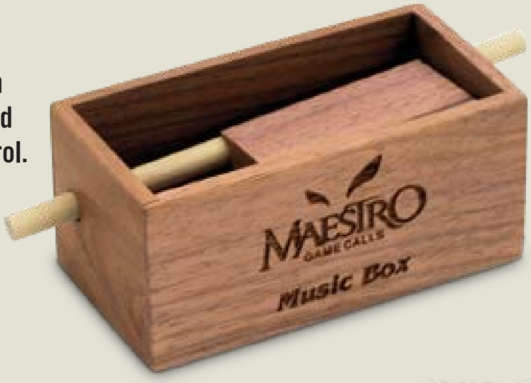
Item: PBC-CDRBOX



Music Box – Push Button Box Call

This handcrafted call is a favorite of both veteran and novice hunters. Raspy yelps, clucks, cutts and purrs can be achieved with simple one hand control.

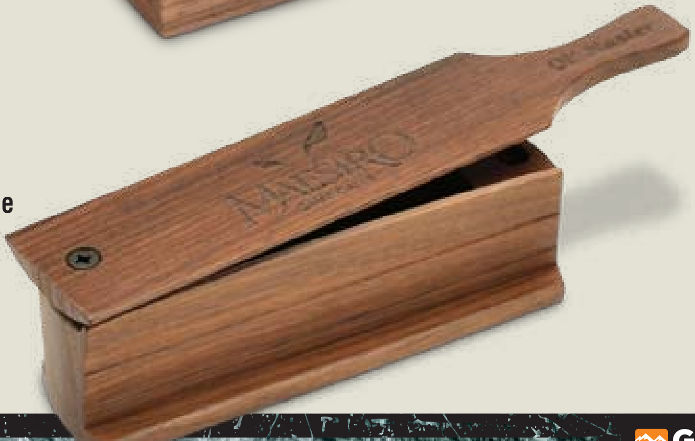
Item: PBC-PUSHBX



Ol' Master – Walnut Box Call

This premium box call is handcrafted from choice hardwood to make realistic yelps, clucks, purrs, cackles and cutts needed to lure even the most elusive old Tom.

Item: PBC-200



MOUTH CALLS

- Designed by Turkey Calling Master, Paul Butski
- Solid reed design, ideal for beginner and veteran hunters
- All Hand-crafted and produced in the U.S.A.

MADE IN THE USA

Cutter Series – Deep Raspy

This style call has won many a Turkey calling championships and also fooled many old gobblers into gun or camera range. Hard core raspy yelps and cuts are what this style of call is designed for.

The Cuttin Killer – This 'Original' is second to none, not even the real thing can keep up the vocal talent. This three reed cut with side splits can produce soft clucks and tree calls. The tone is clear and soft.

Item No: PBC-100

Fatal Mistake 3 – This three reed, cut out design has been Paul's personal favorite for years.

Item No: PBC-106

Fatal Mistake 4 – This four-reed, cut out design gives a deeper tone. This call produces old hen yelps, clucks, purrs and cutts as well as old gobbler yelps.

Item No: PBC-107

Tracker Series – Medium Raspy

The Tracker series style is a recently new design of cuts into the top reed of the call. The combination of different latex and cuts in the latex offers the user a medium raspy style that is both realistic and easy to use.

Deadly Double – This split double reed design has been a favorite of both beginners and veteran hunters. It is one of the easier calls to learn. The tone is clear, deep and very seductive.

Item No: PBC-102

Cutt'n Up 3 – The deeper cut along with a small V cut makes the yelps, cutts and purrs so realistic that even the weakest of old gobblers can't resist.

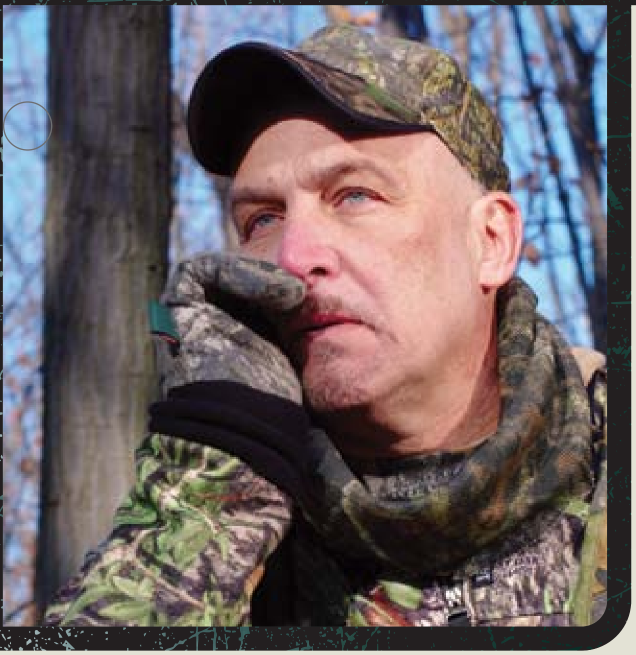
Item No: PBC-109

Cutt'n Up 4 – This four reed cutter uses a combination of different thicknesses of latex matched with a deeper cut along with a small V cut to make yelps, cutts and purrs so real.

Item No: PBC-110

The Tracker – This three reed call with a cut out style and a side slice produces some of the most realistic turkey sounds. From raspy yelps to sharp cutts and soft subtle purrs of a hen.

Item No: PBC-115



PAUL BUTSKI
SIGNATURE SERIES

The Spilt 'V' Series – High Pitch Raspy

The Split V series is a favorite to both veteran and novice callers. The ease of use enables a veteran caller to sound like the real McCoy and a novice caller can produce the realistic high pitch raspy hen sounds with minimal practice.

Triple Temptation – From raspy old hen yelps to the whistle of a young lost turkey, this split three reed design is an excellent all-a-rounder call. The design also makes it easier to produce the fast fly down cackle of a hen turkey.

Item No: PBC-113

Raspy Whistler – This three reed split design offers unique tone quality. This call gives a combination of a clear raspy whistles to the raspy yelps that follow.

Item No: PBC-103

Double Trouble– This beak cut design enables you to produce high pitch raspy sounds with ease.

Item No: PBC-111

Phantom Series – Sharp Raspy

This fairly new series combination of slices in the latex along with another style latex helps a caller achieve sharp cuts and raspy yelps that makes any caller sound like a pro in the woods.

Hen in Heat – This split double reed design offers a sound that all toms want to hear. It will produce all of the calls, from raspy old hen yelps to the sweet sounded clucks and purrs of a contented hen.

Item No: PBC-105

Phantom V Cut – This four reed "V" cutt design will produce raspy old hen yelps like the real thing.

Item No: PBC-112

Spring Shadow – The split reed will convince any turkey that it has found a companion. The combination of RX-1 latex and regular latex with the split in the third reed will produce an easy raspy sound.

Item No: PBC-114

COMBO PACKS

Hunter's 3 Pack – Combo package of 103, 112 and 114	Item No: PBC-130

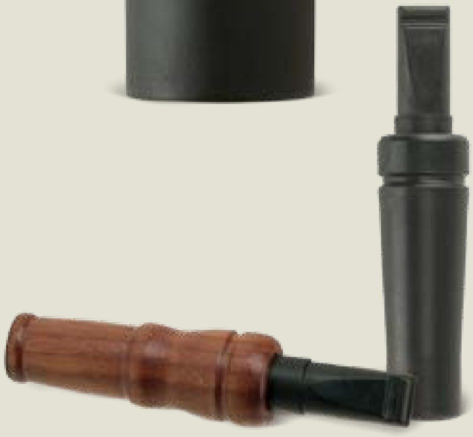
LOCATOR CALLS

A MAESTRO ORIGINAL

The Real Macoy – Owl Hooter Locator Call

This call will produce all the sounds of the owl. The updated baffling system makes this call easy to use.

Item: PBC-OWL



Screamin' Crow – Locator Tube Call

The cawing sound of a crow is very effective in locating spring gobblers and this call will produce the sounds needed to make him sound off. They are very easy to operate with minimal practice.

BLACK_Item: PBC-CROW
WALNUT_Item: PBC-CROWWB

The Siren – Coyote Howler Predator Call

The howl of a coyote is a great way to call and locate coyotes in any area. It will get other coyotes to howl and reveal their position. Also a great locator for turkey hunters to make a turkey gobble.

Item: PBC-COYOTE

Huntin' & Gruntin' – Deer Call

Our grunt call offers versatility in being able to change the tone of the call with slight adjustment. Also your preference of inhaling or exhaling on one end or the other. It will produce the sounds needed to lure in your trophy whitetail.

Item: PBC-DEER

Cottontail Distress Pro – Long Range

This call offers a variable tone that produces different calling patterns to lure in the call shy animal. Excellent for wide open country calling situations as well as high wind days when you need that extra volume. A premier item that works well on coyote, cougar, bear and fox.

Item: PBC-COTTONLR

Cottontail Distress Pro

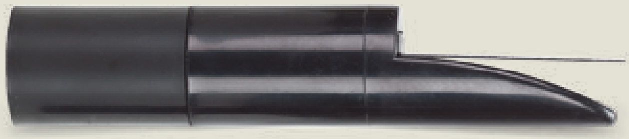
This call will give you the added coaxing needed to bring the predator into your sights. Excellent for close range calling sequences in heavy brush or thick forest where less volume is necessary. Made from a high quality American hardwood. Ideal for coyote, bobcats and fox.

Item: PBC-COTTON

Jack Rabbit Distress Pro

A great reproduction of raspy distressed jack rabbit that is ready for the taking, this high quality wooden call is excellent for calling on windy days and high prairie hunting. A product of choice for the masters in predator hunting.

Item: PBC-JACK



Coyote Talker

True to life simulations of the coyote language with lifelike reproductions. Great for long range calling and has a detachable barrel system for close range calling. Extra extensions can be added for different call frequencies.

Item: PBC-COYOTE2

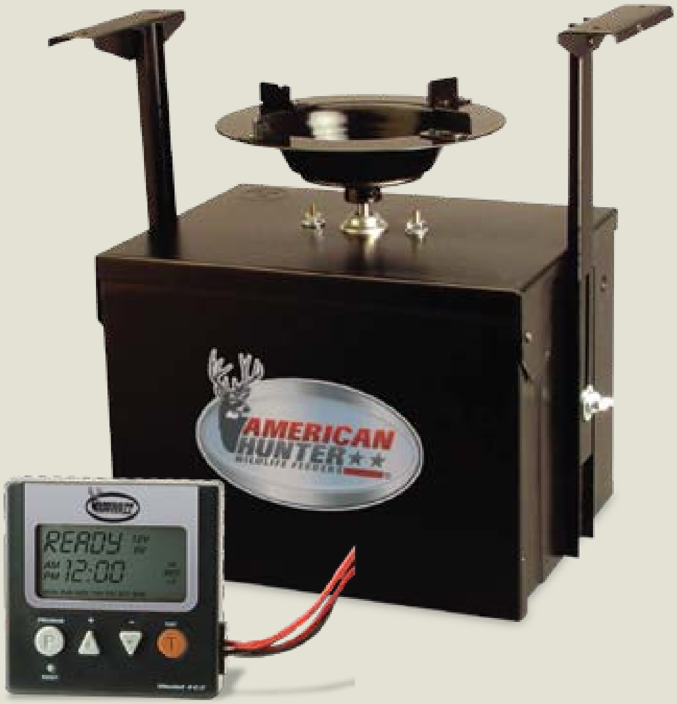
HUNTER
WILDLIFE FEEDERS

FEEDER KITS



HEAVY DUTY DIGITAL SPIN KIT

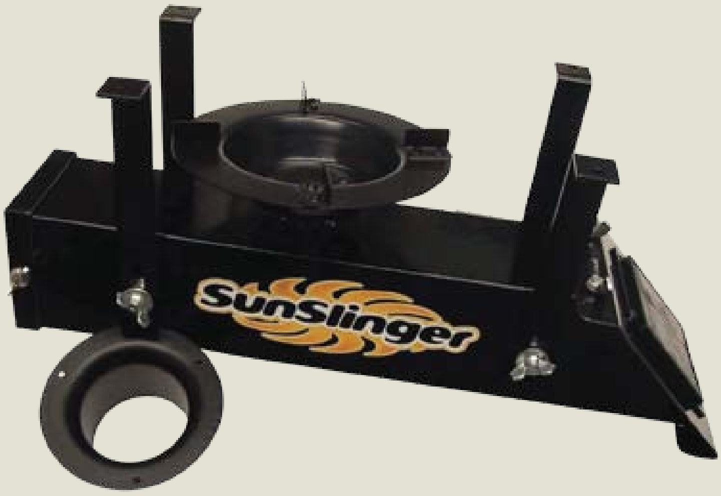
FEEDER FEATURES

- Heavy-duty metal control housing
- High torque industrial motor
- Heavy-duty "No Blow" slinger resist wind and grain trickle
- Metal downspout
- Fits most feed containers
- Easy to install
- Runs on 6 volt or 12 volt batteries (not included)
- For best results, use rechargeable batteries, DE-30045 6 Volt recommended or DE-30020 12 Volt

TIMER FEATURES

- Power indicator
- Memory preserves user settings
- Three spread speeds: 3000, 3300 and 3800 RPM
- Feeds 1-8 different times per day
- Can feed various days of the week
- Adjustable feed rate (1-30 sec)

Item: 20558



SUNSLINGER KIT

- Adjustable feed rate (1-30 sec)
- Feeds 1 to 16 times per day
- Can feed different days of the week
- 6 Volt solar charger built-in
- Easy touch digital timer
- Powder coated slinger and downspout
- Includes mounting brackets
- Self tapping screws for ease of installation
- Requires 6 Volt rechargeable battery DE-30008 (not included)

Item: 30580

FEEDER KITS

PRO KITS

- Adjustable feed rate (1-30 second)
- Varmint guard built in
- Easy to install
- Fits almost any feed container
- Weather resistant housing
- Includes powder coated “No Blow” slinger
- Pre-wired for: varmint buster BL-VB1, solar panel BL-R680-S
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

RD-PRO KIT

- Digital Clock Timer and Guard
- Feeds 1 to 16 times per day
- Can feed different days of the week

Item: 30591

R-PRO KIT

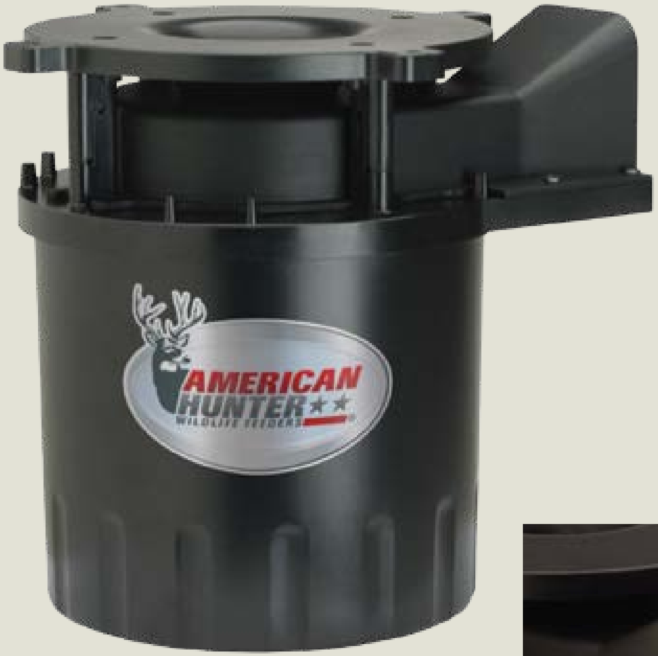
- Analog Clock Timer and Guard
- Feeds 1 to 24 times per day

Item: 30590

PHOTOCELL KIT

- Feeds twice a day – dusk and dawn
- Adjustable feed rate (1-30 sec)
- Requires 6 Volt spring top battery (not included)
- Metal downspout powder coated black
- High torque motor
- Photocell technology
- Galvanized metal mounting bracket and slinger

Item: 30581



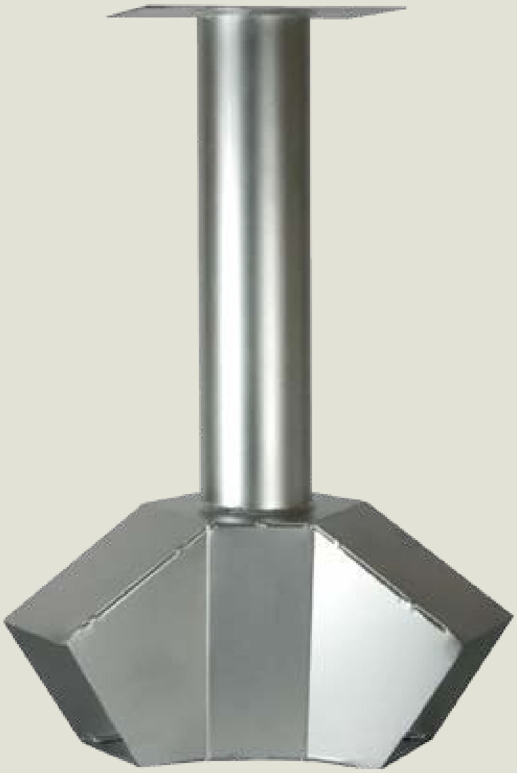
DIRECTIONAL KIT

- Heavy-duty directional shroud
- Digital Clock Timer & Guard
- Feeds 1 to 16 times per day
- Can feed different days of the week
- Adjustable feed rate (1-30 sec)
- Easy to install
- Fits almost any feed container
- Pre-wired for: solar panel BL-R680-S
- Weather resistant housing
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

Item: AH-DF1

This directional kit casts feed in a 30 degree distribution area. The feeder is ideal when precise feed placement is needed such as on a game trail or path. No wasted feed.

IDEAL FOR FISH FEEDING APPLICATIONS

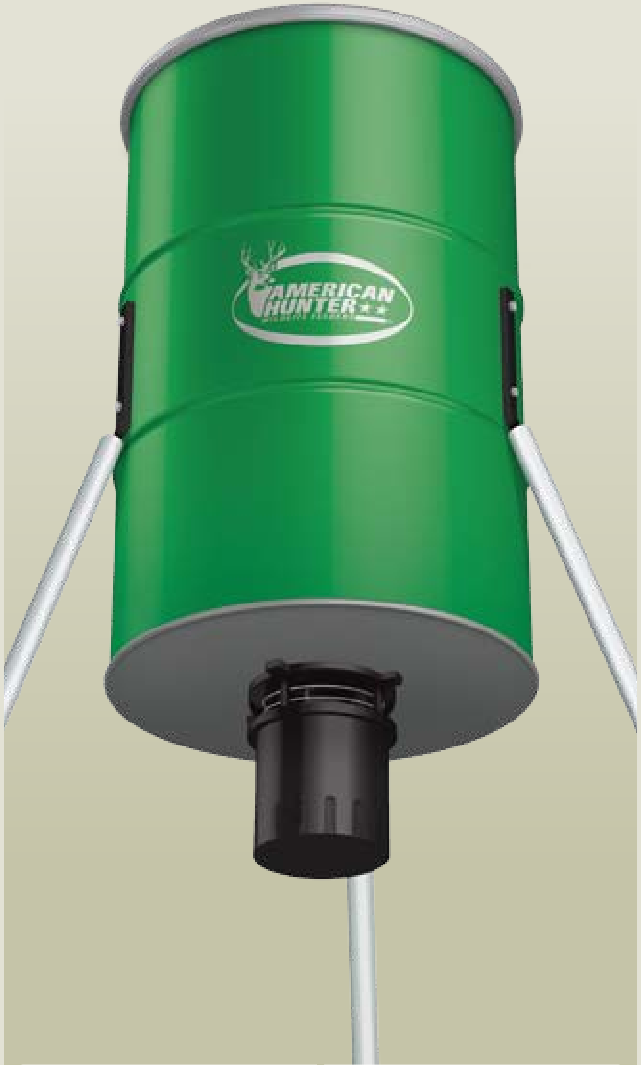


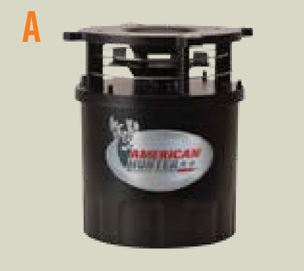
GRAVITY PROTEIN FEEDER KIT

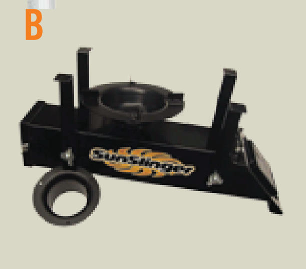
- Extended Tube 3 Way Head
- 3-way feed station system ideal for use with tripod feeders
- Adjustable feed delivery system
- Heavy-duty steel construction
- Simple 4 bolt mounting (hardware Included)

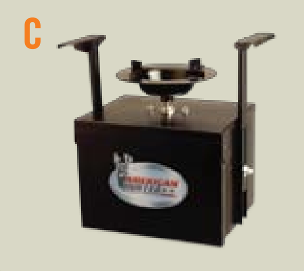
Item: 20730

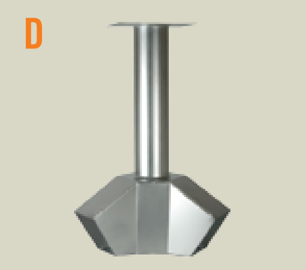
TRIPOD FEEDERS











350 LB CAPACITY

- Heavy duty steel hopper
- Quick release lid with lever lock
- 3 each, 8ft. sectional heavy duty galvanized legs w/metal leg mounts

A) TRIPOD FEEDER with R-PRO Kit

- Analog clock timer and guard
- Includes powder coated "No Blow" slinger
- Adjustable feed rate (1-30 sec)
- Feeds 1-24 times per day
- Varmint guard built in
- Pre-wired for: Varmint Buster BL-VB1 and Solar Panel BL-R680-S
- Includes powder coated "No Blow" slinger
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

Item: R-350PROVB

B) TRIPOD FEEDER with Sunslinger Kit

- Includes powder coated "No Blow" slinger and downspout
- 6 Volt solar charger built in
- Adjustable feed rate (1-30 sec)
- Feeds 1-16 times per day
- Can feed different days of the week
- Easy touch digital timer
- Requires 6 Volt spring top battery, recommend DE-30008 (not included)

Item: 20727

C) TRIPOD FEEDER with Heavy Duty Digital Spin Kit

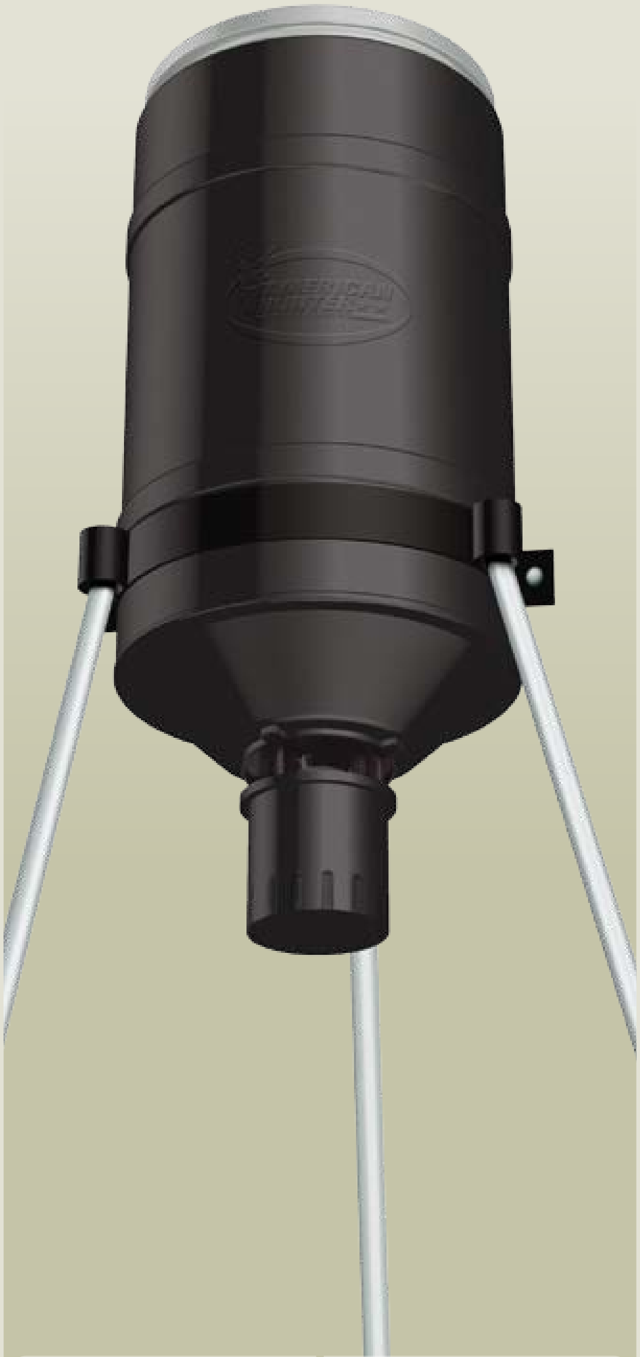
- Heavy - duty metal control housing
- High torque industrial motor
- Includes powder coated "No Blow" slinger and downspout
- Three spread speeds: 3000, 3300 and 3800 RPM
- Feeds 1-8 times per day
- Can feed various days of the week
- Adjustable feed rate (1-30 sec)
- Requires 6 Volt or 12 Volt battery, recommended DE-30008 6 Volt or DE-30020 12 Volt rechargeable batteries (not included)

Item: AH350D8

D) TRIPOD GRAVITY FEEDER with Protein Feeder Kit

- Extended tube 3 way protein feeder

Item: AH-350T3



225 LB CAPACITY

- Heavy duty poly barrel
- Quick release lid
- 3 each, 8ft. sectional heavy duty galvanized legs with metal leg mount

A) TRIPOD FEEDER with Digital Feeder Kit

- Digtial clock timer
- Adjustable feed rate(1-30 sec)
- Feeds 1-16 times per day
- Can feed different days of the week
- Pre-wired for solar panel
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

Item: AH-225RDE

B) TRIPOD FEEDER Includes Varmint Buster

- Adjustable feed rate (1-30 sec)
- Varmint guard built in
- Pre-wired for:
  Varmint Buster BL-VB1 and Solar Panel BL-R680-S
- Includes powder coated “No Blow” slinger
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

DIGITAL CLOCK TIMER & GUARD

- Feeds 1 to 16 times per day
- Can feed different days of the week

Item: RD-225PROVB

ANALOG CLOCK TIMER & GUARD

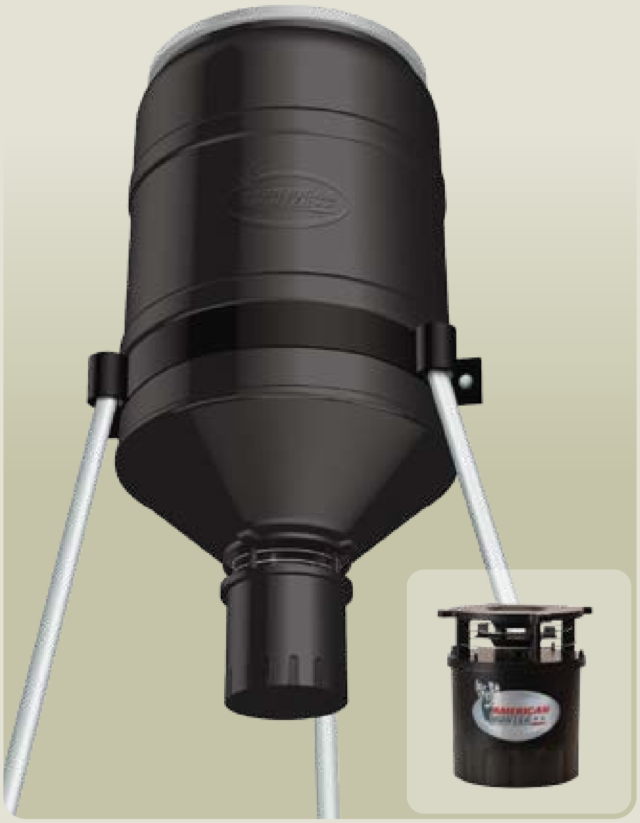
- Feeds 1 to 24 times per day

Item: R-225PROVB

A

B

SPECIALTY FEEDERS



SHORTY – 180 lb. Capacity Tripod Feeder

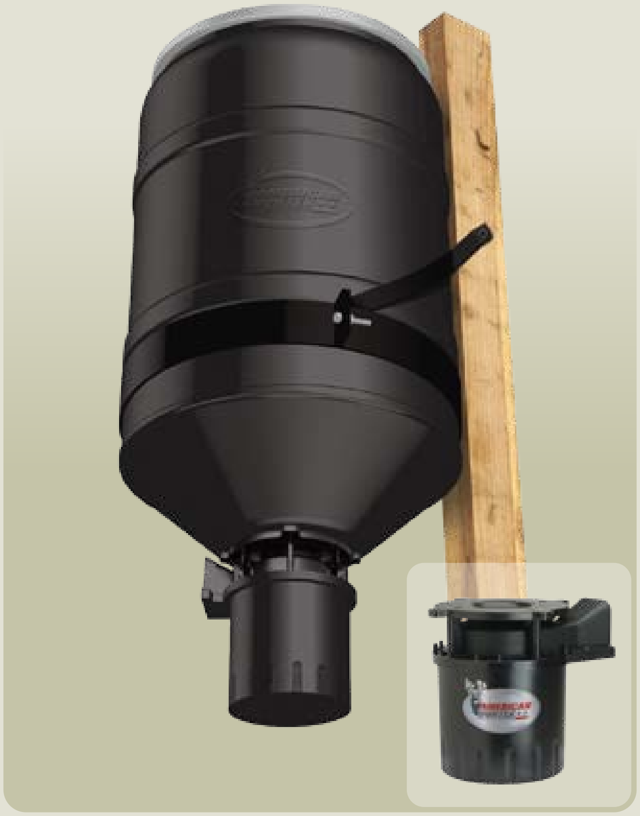
Varmint Buster Zapper INCLUDED

- Analog clock timer and guard
- Feeds 1-24 times per day
- Low height allows for easy filling
- Heavy-duty poly barrel
- Quick release lid
- 3 each 8 foot sectional galvanized legs with heavy duty leg mount
- Varmint guard built in
- Includes powder coated "No Blow" slinger
- Pre-wired for: Varmint Buster BL-VB1 and Solar Panel BL-R680-S
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

Item: R-180PROVBEZ

5' 7" HEIGHT

Makes filling quick and easy!

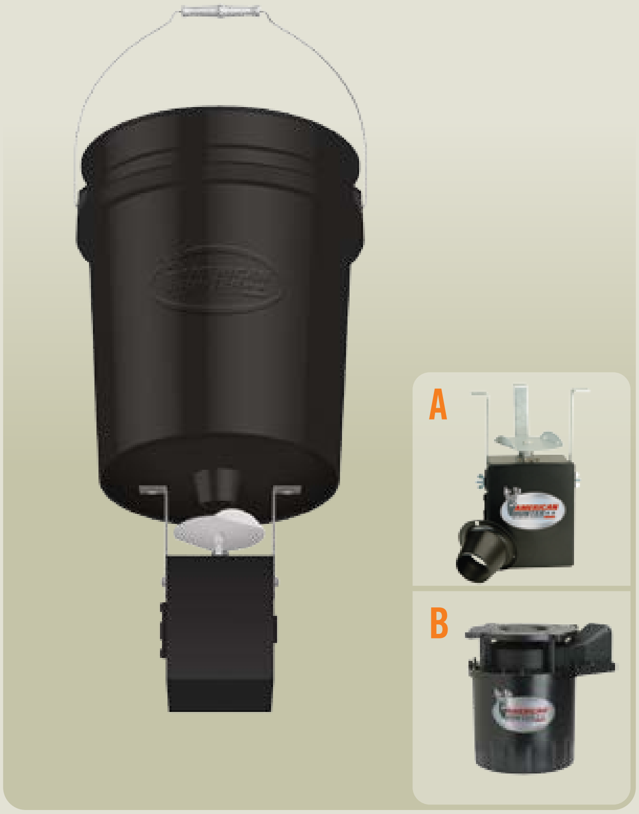


FISH FEEDER 180 – 180 lb. Capacity Post Mount Feeder

- Digital clock timer and guard
- Feeds 1-16 times per day
- Can feed different days of the week
- Heavy duty poly barrel
- Quick release lid
- Mounting hardware for post and dock mounting (Post not included)
- Heavy-duty directional shroud
- Pre-wired for: Solar Panel BL-R680-S
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

Item: AH-DF25GAL

HANGING FEEDERS



40 LB CAPACITY

- Durable Plastic hopper
- Available in ‘A’ or ‘B’ Feeder Kit option
- Requires 6 Volt spring top battery recommended DE-30045 (not included)

A) E-KIT FEEDER KIT

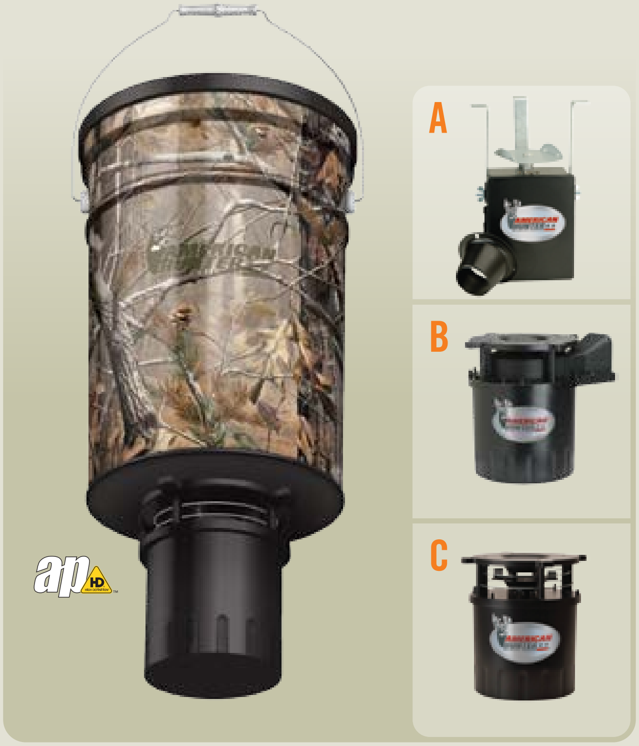
- E-Kit Photocell Technology
- Feeds twice a day – dusk and dawn
- Adjustable feed rate (1-30 sec)
- Galvanized metal slinger

Item: E40P

B) DIRECTIONAL FEEDER KIT and GUARD

- Digital clock timer
- Feeds 1 to 16 times per day
- Can feed on different days of the week
- Adjustable feed rate (1-30 sec)
- Heavy-duty directional shroud
- Pre-wired for: Solar Panel BL-R680-S

Item: AH-DF40P



50 LB CAPACITY

- Metal Hopper with Realtree® AP Camo
- Available in ‘A’, ‘B’ or ‘C’ Feeder Kit option
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

A) Item: AH-H50ERT

B) Item: AH-DF50AP

C) Analog Feeder Kit and Guard

- Analog clock timer
- Feeds 1 to 24 times per day
- Adjustable feed rate (1-30 sec)
- Varmint Guard built in
- Includes powder coated “No Blow” slinger
- Pre-wired for: Varmint Buster BL-VB1 and Solar Panel BL-R680-S

Item: R-50PROAP

HANGING FEEDERS

225 LB CAPACITY

- Heavy duty poly barrel
- Quick release lid
- Heavy duty metal hanging bail
- Available with R-PRO and RD-PRO Kits

Varmint Buster Zapper INCLUDED

A) R-PRO KIT

- Adjustable feed rate (1-30 sec)
- Varmint guard built in
- Pre-wired for: Varmint Buster BL-VB1 and Solar Panel BL-R680-S
- Includes powder coated “No Blow” slinger
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

DIGITAL CLOCK TIMER & GUARD

- Feeds 1 to 16 times per day
- Can feed different days of the week

Item: HRD-225PROVB

ANALOG CLOCK TIMER & GUARD

- Feeds 1 to 24 times per day

Item: HR-225PROVB

B) DIRECTIONAL FEEDER KIT and GUARD

- Digital clock timer
- Feeds 1 to 16 times per day
- Can feed on different days of the week
- Adjustable feed rate (1-30 sec)
- Heavy-duty directional shroud
- Pre-wired for: Solar Panel BL-R680-S
- Requires 6 Volt spring top battery, recommend DE-30045 (not included)

Item: HDF-225

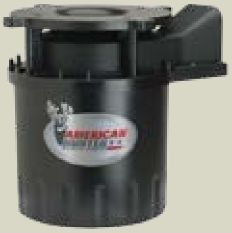
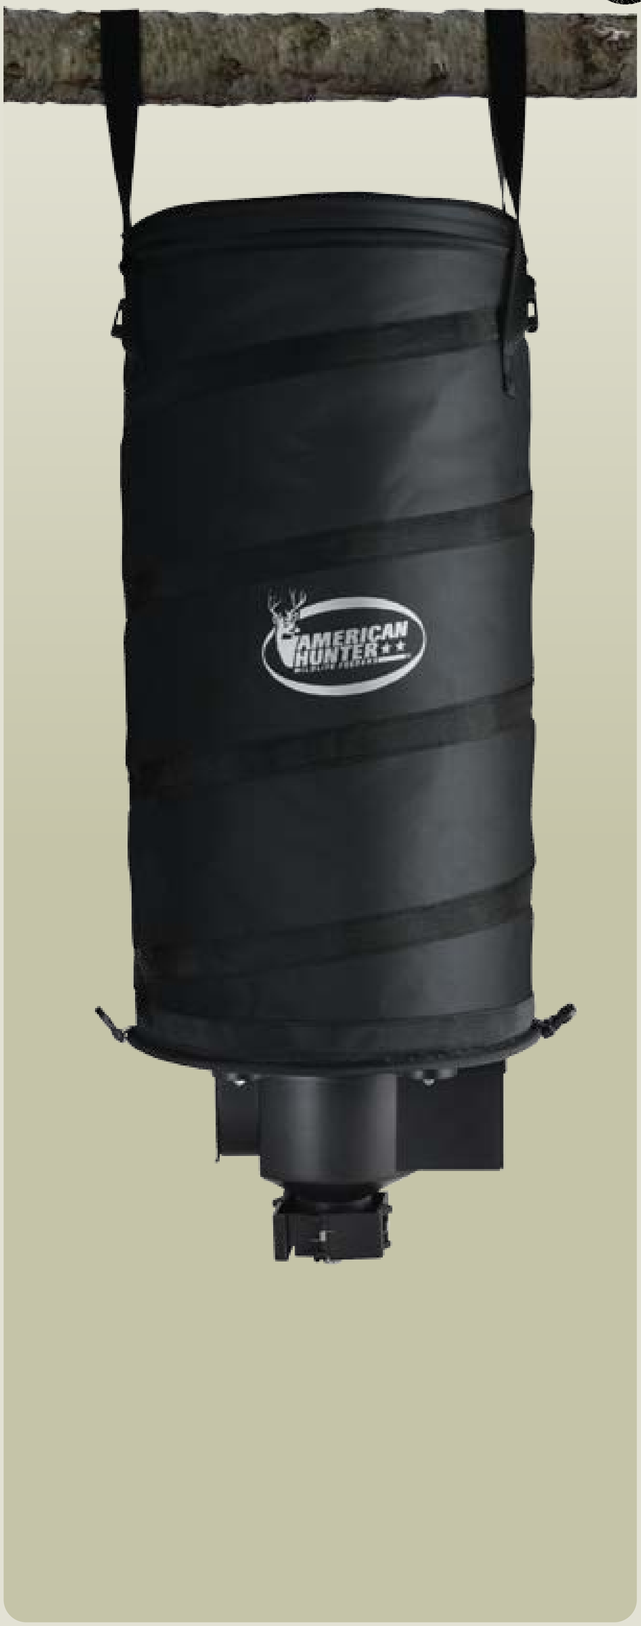
B



NEW 2014 COLLAPSIBLE BAG FEEDER with Digital Timer Kit

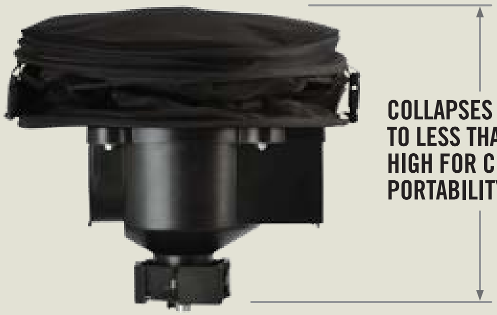


- Collapsible Heavy Duty Nylon 11.2 gallon feeder bag
- Digital clock feeder
- Centrifugal spin force allows 4 hinged doors to open allowing feed to spread up to a 20 feet perimeter
- Adjustable feed rate 1 to 30 seconds
- Feeds 1 to 16 times per day
- Can feed different days of the week
- Powered by 6V 4.5Ah SLA battery, recommend F-tab DE30008 (not included)

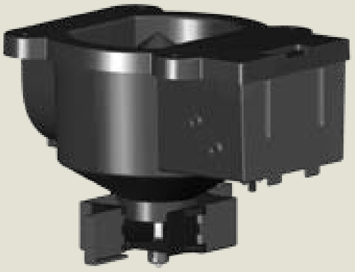
DIGITAL CLOCK TIMER & GUARD

- Feeds 1 to 16 times per day
- Can feed different days of the week

Item: AH-BAGKIT

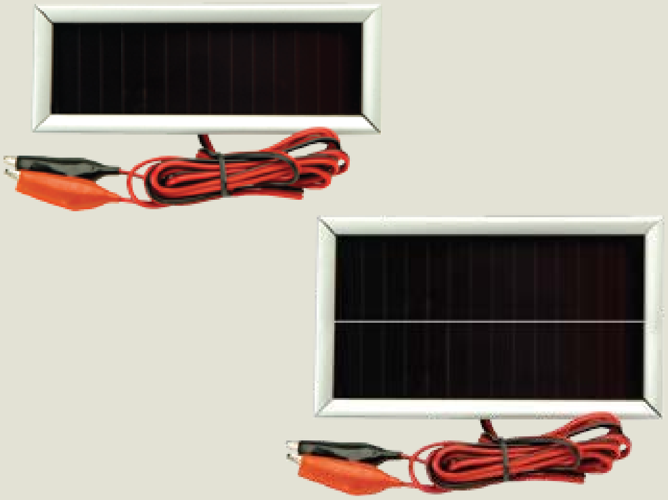


COLLAPSES DOWN TO LESS THAN 10" HIGH FOR COMPACT PORTABILITY



CENTRIFUGAL SPIN FORCE ALLOWS THE 4 HINGED DOORS TO OPEN ALLOWING FEED TO SPREAD UP TO A 20 FOOT PERIMETER.

GAME FEEDER ACCESSORIES



ECONOMY SOLAR CHARGERS

- Great for keeping batteries charged in deer feeders, lanterns and flashlights
- Constant trickle charges your 6 or 12 Volt feeder batteries
- Will not overcharge
- Includes convenient mounting brackets
- Alligator clips attach directly to any spring tab or F tab 6 and 12 Volt battery

6 Volt Item: BL-EC6

12 Volt Item: BL-EC12

SOLAR CHARGERS

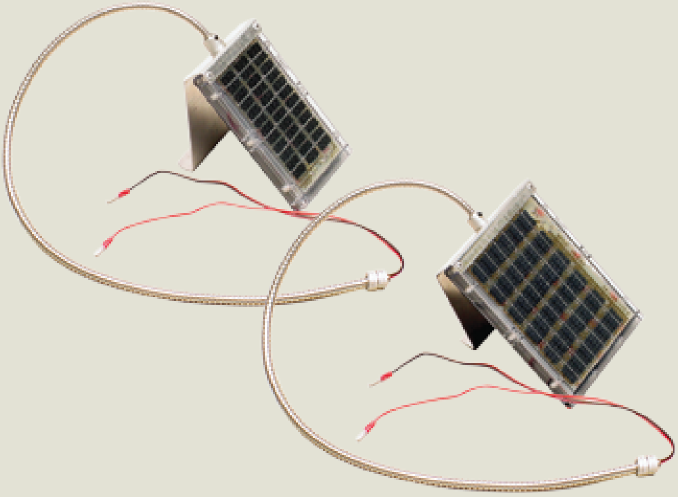
- Converts sunlight into electric power for charging 6 or 12 Volt rechargeable batteries
- Weatherproof, rust proof and corrosive resistant

6 Volt Item: BL-R680-S

For R-Kits, RD-Kits, Pro Series Kits and Directional Kits

6 Volt Item: BL-660-S

12 Volt Item: BL-1260-S



SOLAR CHARGERS WITH MOUNT

- Current (max) Isc: 70 ma
- Heavy Conduit cable encloses wires
- Heavy aluminum mounting bracket

6 Volt Item: 20577

- Power (max) .063w
- Voltage Voc: 9V
- Panel size: 5-7/8” X 3-1/2”

12 Volt Item: 20578

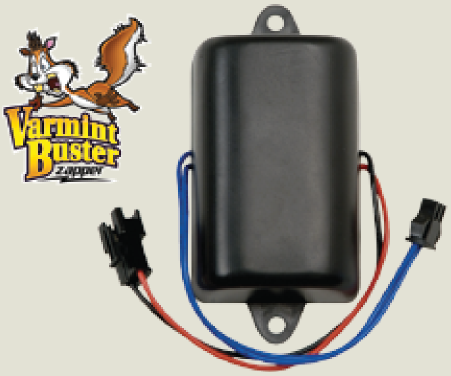
- Power (max) 1.26w
- Voltage Voc: 18V
- Panel size: 6-7/8” X 6-1/4”

6 AND 12 VOLT BATTERY CHARGER

- 6 and 12 Volt battery charger
- Using a switch, you select 6 volt or 12 Volt charge
- Plugs into 110 Volt outlet
- Output is 500 ma DC.
- This charger will charge most 6 and 12 volt rechargeable feeder batteries

Item: BL-C6/12

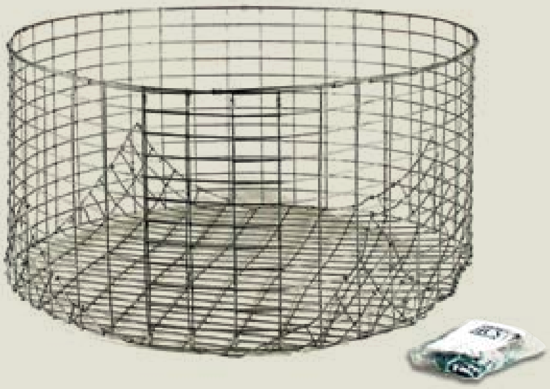
VARMINT BUSTER™ ZAPPER



- This device gives your unwanted smaller visitors a nonlethal shock to deter them from wasting feed intended for other wildlife
- Mounts inside Varmint Buster compatiable feeder kits

Item: BL-VB1

VARMINT GUARD



- Keep unwanted varmints from the feeder kit area
- Helps to STOP wasted feed
- Remove two pins and the guard swings down, hinging on the third pin, allowing easy access to feeder kit
- 18" dia. x 11" deep - heavy steel wire with 1"x 2" openings
- All mounting hardware included

30 Gallon Item: 20631
55 Gallon Item: 20632

6/12 VOLT HIGH-TORQUE MOTOR

- 2942 R.P.M
- 2.00 AMPS
- .250" dia. shaft
- 1.00" shaft length
- Mounting bolts included
- 3.13" dis. motor housing

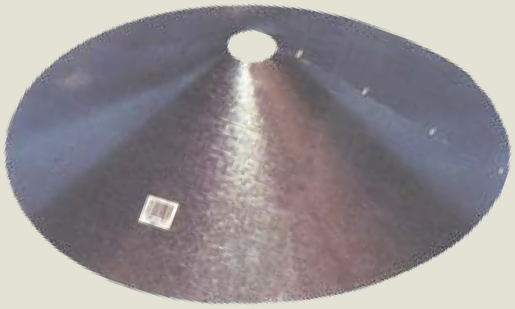
Item: 20575

GAME FEEDER ACCESSORIES

HEAVY DUTY FUNNEL for 55 Gallon Feeders

- Polyethylene funnel fits inside 55 gallon feeders
- Allows feed to funnel towards the slinger reducing feed from sticking to the flat barrel surface

55 Gallon Item: 41001



TRADITIONAL FEEDER FUNNEL

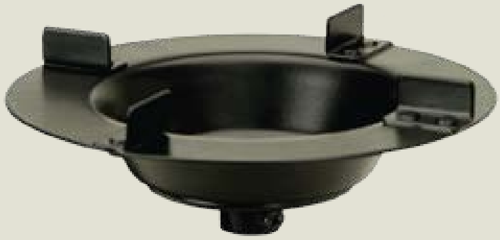
- Fits most 30, 35 and 55 gallon barrels
- Using pre-punched holes and self tapping screws you can adjust the diameter of the funnel needed for your barrel

Item: T-F3055

EASY-OPEN LID for 55 Gallon Feeders

- This lid solves two old problems
  1 eliminates water standing on the top of the lid
  2 makes it easy to open while it holds itself on the side of the feeder

Item: AH-L55



6 INCH DIAMETER “NO BLOW” SLINGER

- Developed to reduce the amount of grain blown from the slinger by high winds
- Fits most deer feeders with 1/8” or 1/4” diameter motor shaft
- Gives you a larger coverage of grain on the ground
- Made of steel, powder coated black

Item: 30555

LEG ADAPTER KIT

- Holds up to 400 lbs. per set of 3 adapters
- Complete with back plate and bolts
- Set of 3 -7/8" square tube legs bent to proper angle for mounting 8' legs to a 55 gallon drum

Item: AH-LA55

LEG ADAPTER KIT

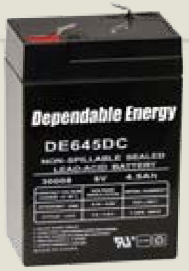
- Two brackets and hardware included
- Fits standard 30 gallon poly barrel and 180 lb., 225 lb. and 270 lb. feeders

Item: R-LA1

TRIPOD FEEDER LEG KITS

- Standard 8 foot leg kit for tripod feeders
- Made of heavy-duty galvanized steel

For 225 lb. Tripod Feeders Item: T-EL8-B
For 350 lb. Tripod Feeders Item: 30570



Dependable Energy
DE645DC
NON-SPILLABLE SEALED LEAD-ACID BATTERY

6 VOLT 4.5 AMP HR Rechargeable Battery

- Commonly used for game feeders, motorized ducks, game calls, headlights and spotlights
- DE645DC

Single Packaging Item: DE-30008
Clam Pack Packaging Item: DE-30052

PowerStar
DE650-S

6 VOLT 5 AMP HR Rechargeable Battery

- Commonly used for game feeders, lanterns and flashlights
- DE650S

Single Packaging Item: DE-30045
Clam Pack Packaging Item: DE-30053

Dependable Energy
DE1270DC
NON-SPILLABLE SEALED LEAD-ACID BATTERY
30020 12V 7Ah

12 VOLT 7 AMP HR Rechargeable Battery

- Commonly used for game feeders, headlights, back-up lighting and household alarms
- DE1270DC

Single Packaging Item: DE-30020
